WORK EXPERIENCE

Finance & Operations Manager · *Distillery Tech Inc.*

2024 –Present · LA · Remote

- **Owned the end-to-end month-end close process** — GL reconciliations, journal entries, accruals, and variance analysis — delivering accurate, audit-ready financials on a fixed close calendar.
- **Managed sales tax, cross-border regulatory compliance, and FP&A risk analysis**, coordinating filings and audit documentation with U.S. and Mexican tax authorities.
- **Engineered \$250K+ in annual savings** by redesigning end-to-end O2C and strengthening internal controls — reducing billing errors and accelerating dispute resolution.
- **Built, supervised, and coached the accounting/finance team** across close, AR, billing, and collections — establishing KPIs and reporting consolidated close performance to U.S. HQ.

Finance & Operations Leader · *InductiveHealth Informatics*

2022 –2024 · Atlanta · Remote

- **Owned month-end close and consolidated financial reporting** for a multi-entity healthcare SaaS company, delivering GAAP-compliant, auditor-ready financials every cycle.
- **Managed sales tax and regulatory compliance filings** across jurisdictions, partnering with external auditors to produce clean, well-documented audit trails and airtight internal controls.
- **Implemented a new ERP generating \$240K+ annualized savings** (\$20K+/month), strengthening internal controls and eliminating manual bottlenecks across the finance function.
- **Directed general accounting operations and annual budgeting** — AR/AP, billing, collections, and liquidity management — maintaining clean aging and producing auditor-ready documentation each close.

Finance Operations Analyst · *Galprom Caribe S.L.*

2019 – 2022 · Dominican Republic & Spain

- **Managed multi-entity accounting (contabilidad), taxation, and trust operations** across Latin America and Europe — including sales tax/VAT filings — ensuring full regulatory and audit compliance across jurisdictions.
- **Owned the monthly close process**: financial reports, AR reconciliations, and cash flow forecasts presented to senior management and external auditors; automated AP/AR approval workflows, reducing manual processing time.
- **Developed annual budgets and multi-year forecasts** supporting executive strategic planning; strengthened internal controls across POs, contracts, and audit/compliance documentation.

Finance & Operations Associate · *Reiss Ltd.*

2016 – 2019 · United Kingdom

- **Executed month-end close activities** — bank reconciliations, journal entries, and financial data validation — delivering clean, audit-ready books for management reporting each cycle.
- **Processed high-volume AP/AR with 99%+ accuracy** across billing, payment processing, and reconciliation cycles for UK retail operations.
- **Administered UK payroll with 100% on-time compliance** and supported statutory and tax filing requirements.
